“ My dear Aunt Ennie.,how I loved her. Whenever I stayed with her we always put a puzzle together. Our last puzzle we had to give up on, but she sent me a picture to prove she finished it! When I was young and we were still in Ohio, spending the night was great and we always has a wedge of head lettuce and talked before going to bed.

I will miss her dearly and keep her close in my heart.

“ My memories of mom are many. We loved our adventures to Lake Alfred, Tampa, Plant City. Even a trip to Georgia to help me discover my new homeland. We'd get our gang together and off we would go for fun times. Mom was the first to come in and help us at North Brevard Charities, always smiling and good advice.

Whenever I see carnations, covered bridges or puzzles I think of mom but mostly when I hear George Jones sing.

I love you mom.

“ My mom, she loved her 20 year stint volunteering at North Brevard Chairities. She meet some interesting people and made some real friends while there. She truly beleived in their mission and would certainly appreciate donations instead of flowers. Now more than ever with the way the world is, so many families are struggling to provide everyday needs let alone a Christmas for the children. Thank you for loving my mom and being a friend.
