“ It's never easy to say goodbye, especially to my little sister. I didn't meet you until you were about 5 years old. But I remember that day so well. You wanting me to carry you all over the place. And me loving every minute of it. I had over night gained two sisters and a brother. You were always so happy. Joking and playing. You always put everything you had into anything you did. I am proud to have been blessed as your sister. Guard over your babies, and your precious husband. I Love you Melinda. Until we meet again.

“ It is incredibly sad that such a wonderful spirit has passed. It seems like only yesterday that you and my daughter would burst into our house with bubbling laughter and big smiles and just lighting up the whole house. Our family is so saddened by your loss. My condolences to your family and your parents

“ Oh Melinda, you were the first friend I had in Humble Texas in 1977. Many years have passed since then, but I still remember learning to crochet squares in your living room, and having my first ever jalapeño at your home. You were loved by my whole family, and you will be missed. See you again, friend . . .

“ I don't know what to say. You were a gift to everyone that knew you but the biggest gifts you gave the world were your children (Bob is OK too). This tragic event is a great loss for us and wonderful addition to Paradise! I know that you are at peace with our Lord, so please watch over those that will suffer the most in this time and do what you can do bring them the same. I always loved all of you like my own family and there will be a empty spot in my heart until we see each other again.

“

Melinda,

I really am at a loss for words. You were more than an Aunt. You were more of a second mother. You were so full of love, and I am honored that you were my Aunt. I ask now that you will continue to watch over all of your children. We will see each other again, so save a spot for all of us. We all love you so much and can't believe all of this. Rest easy Melinda, I love you.

“ Melinda, I was so blessed to give birth to you almost 51 years ago. We are all so shocked that your life has been snuffed out so early but have always loved you dearly and you will live in our hearts forever. At least you are not in pain anymore and you are resting in God's hands now.

I will always appreciate what you've done for your dad.

We love you so much.

Love Mom.

“ Melinda...you were my best friend in high school, through college and many years after. From the moment I met you, I knew I met someone special. Someone beautiful! We laughed together, cried together and did everything together....you were my little sister. I have so many wonderful memories of us and all of our friends and each memory will always be a timeless treasure to me. I love you little girl and I know that God has you in the palm of His hand. Can't wait to see you again one day. For now, I will just have to wait. You will be greatly missed but God's plans are never in vain. My love goes out to all of your family and may their joy be full in knowing how loved you are. I'll never forget you.
