“ *Yoder-Hazelton-Bochy*

Such a small community - interwoven so uniquely. Who would have ever known all the years our families spent together. Mr. Yoder was always part of our family's archery outings - so involved in a sport he enjoyed with his family and his friends. My earliest memories are the Bowhunter's Jamboree. At the same time Al was working with Melrose Bochy at Patrick Air Force base. Melrose always spoke so highly of Al. Melrose sent her boys to Kathy for their haircuts and of course Kathy worked her magic on the Hazelton girls' hair. If only she could have known and whispered in my ear..."I met your future husband today..."

To Mr. Yoder: thank you for showing us the real measure of a man....loved his wife, loved his family, loved the outdoors and worked hard at work.

I hope you find comfort in one of my favorite quotes: "Death is not extinguishing the light....it is simply putting out the lamp because the dawn has come." Sir Rabindranath Tagore.

Please know your family is in our thoughts and prayers.

From the Hazelton & Bochy families

Diane Hazelton Bochy

“ *Our family had a special fondness and respect for Al.*

Seeing the immense joy his grandsons brought him at their games was a great part of his life. We will always remember his friendly smile and positive demeanor each time we met. Al was a true red blooded American family man and very proud of his family.
