“ *Al was my first cousin by blood and my older brother in spirit. Our parents, my mother Joan and his father Sonny, were as close as any brother and sister could be. This meant that our families spent a lot of time together on vacations, picnics and holidays. Al and I played together, fished together and shared stories together. A baloney sandwich was our staple lunch during a day of fishing. Our families spent many weeks on Spofford Lake in New Hampshire. My cousins and I always looked up to Al, he was our leader in so many different ways. We all wanted to be like Al. You occupy a special place in my memories. Rest in Peace my brother.*

“ I have known Al all my life...from early on as children in the hampshire heights neighborhood of Northampton he has been my friend. There are so many great memories I treasure I cant even begin. We all have great memories of Al because when you were with Al there was never a dull moment. If you were down in the dumps Al would always bring you back up. Al was one of the three Gemini's...born within a week of each other that somehow sealed the bond for our lifetime. In fact I can honestly say I have never known a time where there was a bad moment over the 60 years plus I was his friend. He is and always will be a part of who I am. Thanks Al so much....I think of you often...Murph

I am so shocked to find out that Al has past. He and I worked together at Kennedy Space Center for many years. We had some great times together playing golf fishing and spending time with each other family. A dear who I will surely miss. God bless Nora and the kids.

“ *What a sweet precious man. We so enjoyed sharing pictures of our grandchildren with one another. Our two oldest were born months within one another. May his sweet spirit live on for all who knew and loved him. My deepest sympathy to his family and friends.*
