“ *A very good friend of mines and I will miss always you.*

Roderick Thornton - February 08, 2021 at 08:53 AM

“ *I am so sorry for your loss. Really loved working with Benny and his son as well here at KSC. I can't say I have ever met a kinder soul, someone who you would want by your side in whatever situation you might encounter. And he was that every day down at Tech Control, always a cool hand on the wheel as he led the troubleshooting on our communications systems and always knew what to do, where to look. I have a daughter and it saddens my heart for you, his daughter and love of his life.*

Nick Powell - February 08, 2021 at 07:24 AM

“ *When I close my eyes I can't help but picture when I last kissed you on your forehead.. told you I loved you. I keep replaying you telling me you loved me back. I wish you were still here. I miss you like crazy dad.*

“ I had the privilege of working with Ben many times overseas and respected him greatly. Ben was the kind of person that set a true example of professionalism and good-natured camaraderie. He was always a pleasure to be around. Throughout my career I was always glad to see him because he was such a fine and decent person. I’m so sorry for your loss but take comfort in the memories of a man who was a real gentleman, could always be counted on and was respected by all. God bless.

“ Dad, it was a better day today. I hope you were hanging around and laughing with mom, Nanette, Titi Linda & I. We had a blast looking through pictures and reminiscing. We miss you so much!

Hope you're proud of mom. She now loves your black truck. Crazy how she hated it and was mad at you for buying it. Now, she gets to listen to your music off your flash drive and enjoying the songs of you two from back in the day. She's getting the hang of technology. I know you're laughing at her. She's trying. It's making her smile which is nice.

I love you

“ I met Ben over 30 years ago and had the good fortune of traveling overseas with him on many Shuttle TAL Trips. Ben was respected by his colleagues for his knowledge on Communications Systems and a person I could always rely upon to get the job done. He will be missed as a friend and coworker.

“ Good morning dad.. it’s Sunday and you know what that means, you’d ask me if I want breakfast. I will miss your egg sandwiches or scrambled eggs. We’d sit, eat, talk and drink coffee as mom would complain about us being on our phones in between.
