

## Mrs. Carol Horchler

June 23, 1954 - March 22, 2025

With heavy hearts and cherished memories, we announce the passing of Carol Horchler, who left this world peacefully on March 22, 2025. Born on June 23, 1954, in Saline, Kansas, Carol was a woman of adventure, warmth, and boundless love. She embraced life with open arms, filling every moment with laughter, spontaneity, and a deep appreciation for the beauty of the world around her.

Carol's love for offshore fishing and traveling took her on many incredible journeys, but her heart always found its way back to the Florida Keys, her second home and a place that reflected her vibrant spirit. She was the life of the party, lighting up every room she entered with her energy, quick wit, and unwavering love for those around her.

Above all, Carol's greatest joy was her family. She leaves behind her beloved daughter, Lauren Horchler, and two treasured granddaughters, Rosalie Barnes and Addison Barnes, who were the light of her life. She also leaves behind her loyal companions, Jabo, her devoted dog, and Farrah, her beloved cat. Carol's presence was a gift to all who knew her, and her memory will continue to live on in the hearts of those who loved her.

Though she has departed from our sight, her love will never fade.

## Always With Us

Though your hands no longer hold us near,  
Your love still whispers, soft and clear.  
In ocean waves and skies so blue,  
We feel your warmth, we carry you.  
The laughter shared, the stories told,  
A heart so bright, a soul so bold.  
You are the sun, the stars, the sea,  
A part of us, eternally.  
So though we grieve and tears may fall,  
Your love still echoes through it all.  
Not gone, just waiting, far yet near,  
In every breeze, we feel you here.

Carol's adventurous soul, her boundless love, and her infectious joy will be deeply missed but never forgotten. May she rest in peace, forever watching over those she held dear

# Tribute Wall

BJ

“ Her classmates from 72 will miss her spirit, for now. Prayers for her family.
