“ *My father was a true family man with all the Italian fixings. I am beyond grateful you were able to pass down life's true riches. Countless memories, love, support, instilled values and the living example of being the best father and papa ever.*

*The Calkins legacy continues on with your two little sh**s.*

Forever loved and missed,

Brian and Jacob

“ Words cannot and will never describe how great of a father he has been to me and my brothers. I'll always remember the life lessons he taught me and words of wisdom he passed down. No life is perfect, we had our ups and downs, but I can say I would not have changed any of it. I am thankful I had recently had the chance to talk with you and reflect on life since now being a father. Glad I thank you for what you have done for my life and my son's life. As well as say the words I said I would never say when I was a little one. "you were right".

It feels like a part of me died too when you passed away unexpectedly. I love you dad, always, and will miss you deeply.

*Love always,
Josh*
