“ *I was a classmate of Debby at Bradley. We were both Speech majors. For several classes, I wrote silly poetry for use in shows and she seemed to make it better by reading it out loud in front of people. She was tough, independent, had a smile like a pocketfull of diamonds and couldn't read a map to save her soul. This was a better world with her in it, I'm a better person, truly, having known her and I gotta think Heaven is a better place with her in it. Surely God will hold her to Him with dearest care*
