“ I was blessed to know Debi since high school where shortly after she became family by marrying my wonderful cousin Eddie. Over the years we saw each other's children born, watched them grow and though there was distance between us in miles, my love and prayers were always with her and the family. Her beautiful smile, caring nature and strong will were admired and though I know Heaven has a beautiful angel, my heart goes out to all who will miss her.

“ As a dear friend since high school I want to extend my deepest condolences and prayers to Eddie and their children/family. She was one terrific individual and I will truly miss her. We had such fun together, especially in Freeport making it impossible to single out any one event. We had fun at the beach, got into trouble together; even in school we enjoyed adventures together that some did not particularly appreciate as we did. While I was hoping to see her since my recent move back to Florida, I know in my heart she is with a caring and loving God.
