*Although it's been sometime since his passing I know his memory will endure forever for his family and friends. I have just learned of his passing and my heartfelt sympathy extends to his sweet family. He gave me encouragement to shoot for the stars in landscaping, gardening and enjoying GODS precious gifts in botany. It's difficult growing plants where I live but following Gerry's advice I was able to accomplish all my aspirations. I will never forget Gerry's kindness he always extended to me and my family in Tennessee, Texas and South Dakota..*

“ *I am just hearing of Gerry's passing. I had many great conversations with Gerry over the years about palms and other plants, and I was lucky enough to purchase some from him. I have attached a photo of a Needle palm I bought from Gerry in 1994 - the photo was taken on 12/30/2022. May Gerry rest in peace!*
