“ *Buzz was always a lot of great to see, with his smile and joking around. It was always fun to see him as a kid when visiting Eau Claire and when he'd come to Tampa for a Wisconsin game. I am thankful that I had such a nice conversation with him just a few weeks ago, and he sounded good at the time and somewhat optimistic. I had hoped to visit him and Barb in Florida if all went well. We expressed that we wished we had spent more time together over the years. Our thoughts are with Barb and all the family~Sean*

“ *A great man! I have many wonderful memories with Buzz playing golf, fishing, snowmobiling, Playing cards, enjoying his family including his dogs when I was a young football coach in Wisconsin. Those days will never be forgotten. I think of him often.*

“ So many memories, so many miles, so many laughs and so many smiles. On my ride into E.C. on Monday I was thinking of Buzz and Barb and humming "on the road again".

We will miss you Buzz

“ Barb, Through the years I have seen the love and care you provided for Buzz. He was blessed to have found a second wife that made his children and grandchildren family in every sense of the word. Their love and respect are a living testimony to Buzz's influence in their lives and your great heart, spirit and generosity.

To pass surrounded by loving family, at home, in peace is the greatest gift any woman can give her husband. My deepest condolences for your loss and my love and respect to you, always.

“ Uncle Buzz was not only my son Toni's godfather, but a dear true friend to our family for over 50 years. I have hundreds of fond memories of our precious times raising our children, traveling, and camping with the Mahlers . There are no words that can convey the pain of losing a loved one, all we know is that God Will welcome him with open arms.

I loved my uncles' smile, and the sound of his laugh. I can remember him humming a Frank Sinatra song as he worked on my smile. I was blessed to have had the chance to spend some quality time with Buzz and Barb when they visited me on their way to Florida a few months ago. I will cherish the time we had together. I was really amazed to see the pictures of his beautiful paintings. He was a very talented man, and will be missed by so many people. I loved my uncle Buzz very much!

“ *As he was my Uncle I have many great family memories we shared together throughout the years of my youth. As he was also my Dentist as a child, I will forever carry his memory and his handiwork (literally) in my head the rest of my life.*

He will be greatly missed by all who knew and loved him.
