“ *That is my favorite memory of you is when you took us fishing and you were at a distance trying to catch fish but you weren't having any luck at all. Your children were catching all the fish so you moved close to us and you still could not catch a thing, I I told you that you always told us if we were not catching anything that we were not holding our mouth right... I love and miss you so much daddy one day we will be together again.*
