“ To my brother, It doesn't seem you have been gone 5 years already. But, then again, it feels like 50 years has passed. I remember the last conversation I had with you. You were hurting physically and emotionally. But you knew your Dad and your sisters loved you. And Mom was loving you from Heaven. I know you are at peace now and not suffering. Dad joined you after only 10 months. I miss all of you so badly, but I take comfort that you are all together.

“ Joe, my baby brother, has been in Heaven for 2 years today. I take comfort in knowing that he is at peace, is no longer suffering in any way , and is with his loved ones. Mom and Dad are there with you. I know you are watching over us with them , and you are able to feel all the love we have for you. I think about you every day. I was aware of the physical pain you were in, but did not learn of your heartache until our last conversation. But, again, I am thankful you are out of all physical and emotional pain. You will always be my “Joe Joe.”❤️

“ This is Wally, Joe's Brother-in-law, more a Brother to me. Joe was a great Father, Husband, Son,. Brother. A great person all around. Joe was more compassionate than most people knew, as he was a very private person who didn't outwardly show his emotions freely. But please believe me when I say that they there! I thank our Lord that he is at peace now and no longer suffering. Probably looking down at us saying, "Y'all need to smile, tip one for me and love one another." We love, and will forever miss you Joe!

“ *Joe, my brother-in-law, my brother, my wife, Diana's Brother was a very special and private person. A great Man, Father, Son and Brother. Joe was more a Brother to me than a Brother-in-law. I will never forget all of the good times Joe and I shared. Always there for one another when we needed that special someone to simply be there. Joe was more compassionate than alot of people knew. He will be dearly missed for as long we all shall live. I thank the Lord that he is no longer suffering and is at peace now.*

“ *My baby brother, I will miss your sense of humor. Growing up together, you and I "got" each other. I hope you are at peace, but I will miss you everyday. I know Mom is taking care of you now, and you both are happy to be together again. I love you, your sister, Diana.*

*You are celebrating another birthday in Heaven, but this year Dad and Ringo are joining you and Mom. I miss you, and I still remember the last time I saw you, just hours before you passed on. I know you are happy and at peace and no longer in any pain. Always remember that you still have the love of me, Diane, Wally, and John.
