“ *There are so many memories and fun times it's impossible to share them all. My grandfather was often like a father to me, especially when i was younger. One of my fondest memories of him is as a little girl. I would spend many weekends with him while my mom worked. Every Saturday morning I would climb into bed with him and my grandmother and watch Saturday morning cartoons. The smurfs were always our favorite. We would watch TV and he would say "tickle my Lynn Ann." He loved to have his back tickled, and he loved to play jokes on Chris, Candy and I. He would aggravate us then would play dead after we would choke him. He was always laughing, playing pranks and telling jokes. He had the most wonderful laugh that will forever be in my memory. I thank God I had him and I am so grateful he was a huge part of my life and growing up. I love and miss you more than you know Pop pop.*

“ My condolences to the Vandermark family for their loss. Lorne will be greatly missed! I'm very thankful that I got the chance to get to know him and will miss talking with him. He always made me laugh about the silliest things, especially on Facebook. R. I. P. Lorne

“ Dad I will miss your phone calls forever. Memories of my dad are many. The one thing I can say about my dad is that he loved his family. I remember the stories he told us when he was a boy and how he and Uncle Larry went walking up some crazy hill - I think he may have gotten into trouble!! He was a story teller and a jokester...I remember when he told me that we were vikings!! I also remember the times he played with us in the snow, hunted with us and his beagle Dancer, went on bike rides to Elmer s store. So many cherished memories!! I will miss you forever but I am grateful for those memories.
