“ Mike and I grew up on Till Street in Enfield Connecticut. We built model cars and played baseball as well as football in the Noah Webster school yard. As we grew older Mike and I would take our girlfriends out on double dates. I remember Mikes first new car a 1967 Chevy with a 396 and a dual gate hurst shifter. We would take it to Hartford to the car shows and other trips.

His best car was the 1969 Cameron he built from scratch and named it the Cammarro... it was a show car as well as his daily driver. We would tune up it up for the weekends that basically consisted of hanging around the old Dial Tone Lounge drinking beer and keeping an eye out for the ladies. Yes those were the days.

As life moved on we went our separate ways, Mike got married I chose to wander for a few years before settling down in the technology space.

We talked back in 1998 when he was in Florida and related to me Zieke he said “ I wished it was 1970 again”. That was the last Time I talked to him. Today I went to look up his number as I am considering retirement and found instead his obituary.

Mike Jr, your dad was my roll model when growing up and to this day I still say “cotton picked.....”. Though I end it with out the grace your dad did. You are lucky to have had him as your dad as there are very few like him walking our planet.

Henry E. zieke Jr*

“ We were so sorry to hear about the loss of our good friend Mike, he was a loyal friend of ours for many years, and we shared a lot of fun times together with many laughs, and he will never be forgotten. We love what his son said about him, no truer words were ever spoken, Mike was articulate about his work. When Mike would take a job on you knew it was going to be done right, and he was as neat as a pin with his tools, and his work ethic was second to none. Mike himself was always as neat as a pin, and will always be remembered for being a true gentleman by both of us. We would like to extend our condolences to all of the Udas family, it has left us with a lot of good memories, but his passing has left a hole in our hearts, he will never be forgotten. Mike loved his family, and especially enjoyed his time with his brothers at the Daytona 500, he always talked about them when we spoke by phone, and what a great time they all had. We love you Mike, we wish the best to all of your family. Love Mike and Liz

“ Mr Mike, Aka “cotton pickin” An amazing father/grandfather to me and his grandchild he was a very important person in many’s lives. He loved to ride motorcycles watch nascar, work on cars, bowling. His work ethic was truthfully amazing. This man taught me so many things I’m so very grateful to have learned. I could go on and on but the point being he was a great person and well loved. RIP I love you dad! You will be greatly missed and never forgotten❤️
