“ *No words can explain the loss of my mother. Not only was she my mother but she was my best friend. I called her for everything. I talked to her almost everyday of my life for 45 years. She was a devoted wife, loving mother and cherished nanny. My peace is knowing she is heaven with her lord and there is no more suffering. She is back in the sunshine, swinging on a porch swing, drinking sweet tea. I love you mom, but I miss you so much more. Love, your Daughter*

I can't say enough about what a beautiful outside and inside friend she was and her whole family. I send my deepest sympathy to each of them, I ask the Lord to be with them during this very sad difficult time, and for the Lord to bring them strength and comfort and wrap his loving arms around each of them. Sending hugs and love to each of them. Paula is totally healed now and singing and dancing with the Lord and all his Angels.

“ *There are times when we meet someone who will forever change us and Paula was just that person. She taught me how to be a strong person and im truly thankful. She was an amazing friend, loving mother but most importantly, a beautiful person inside and out. Your sickness may have taken your body but it will never take your soul. I will miss you but i will see you again soon one day. I will always love you!*

“ *I was so blessed to know Miss Paula as a child. She was around anytime we needed her. Even when we moved to Georgia, she helped us with the school transition. I have truly missed growing up with JoAnn and her family. I know Miss Paula was loved by so many and will be missed. Paula was an angel on earth, and now an angel watching over us. Much love to the Ashton family.*

“ I have had the pleasure of knowing so many wonderful people in my career with the Brevard Public School System. But, I will tell you that from the time I first met Paula when she was the attendance clerk at a Rockledge High School I immediately knew she was a special person. She indeed was a southern lady who not only did her job well but also was loved by all who came in contact with her. I am not sure I ever worked with someone who was as kind as Paula. When I left a Rockledge High to go to Jefferson Middle School and later to become Principal of Merritt Island High I knew when the opportunity was right I would once again be reunited with my good friend Paula. And the time did become right and I brought Paula to The Island for us to once again enjoy each other's company. She instantly changed the atmosphere of the office and even provided me new computer forms which provided me valuable information. Paula was such a classy person and I loved having her on staff! She brightened up the lives of so many others and with her passing the light has been dimmed. I loved Paula as a colleague but, more importantly, I loved her as a friend! I will miss you but I know you are in a better place! Your legacy of kindness and love will always be remembered!
