“ *I was Raymonds carer and he told me many stories when I cared for him at his home . I left the company I worked for as I found it upsetting that I was not allowed to visit my clients when they were ill unless they paid!! I did visit Ray in hospital but wad told I was breaking rules. I wondered what happened to Ray I just looked up him on Google as I did when I was with him everyday he would laugh and say he had been Googled !! Sorry to hear he has passed away though his at peace now with his beloved wife xxx sending condolences to his family and friends xxx Rest in eternal peace Raymond xxx*
