“ Both Robert and I send our condolences. We are so grateful to have gotten to know the Stupp family and be neighbors while our girls grew up together. Bob has made lasting memories for all of us. Especially his quirky jokes with the kids. I will always remember all the unhappy meals he had gotten them and always the same answer he would reply when I asked how he was doing, which Patricia knew was “terrible”. The first few times of that I fell for it thinking something was wrong. Anything different from Bob would have been terrible. He was a great guy all around. He will be missed but the memories will live on. RIP Bob! —Karen & Robert S.

My condolences to Bob's family and friends. Almost 40 years since last seeing him on GBI, still I remember his energy and sense of humor, him in Red Tech Control, him smoking during his daily burning of documents. -- Brian Snell
