“ Talina and I met back in middle school and when I first met her I just knew her and I we're going to be friends. She was always the one to make me laugh when I was feeling down. When I was having family problems and I called her and was telling her about my situation her and her mom took me in with no hesitation at all, from that moment she became my sister at heart and her mom became my mom at heart. My sister and I had so much fun together. Growing up we shared a room and had bunk beds and I slept on the bottom and her favorite thing to do was scare me in any way she could so she thought it would be funny to hang her little plastic figurines on the rails and drop them down as soon as I woke up and scare me. My sister was such a fun and outgoing person. I will forever miss her. I love you so much sis sleep in peace till I see you again. I wore your Batman jacket last night and I could feel you with me sis ❤️❤️❤️

“ I got the honor and pleasure of getting closer to you than most. You always put others before yourself and that is not a common trait in today's world which is one thing that attracted me to you most. You loved to laugh and make others laugh in ways that no one ever could. You went through so much in life but never let anything or anyone destroy you. We had a lot of great memories together babe and I know that as long as I live I'll never find another like you. May we live in your legacy of selflessness as even Jesus taught us to love your neighbor as yourself. You will always live on in my heart and I hope to live a life that makes you smile down upon me for the rest of my days. I miss and love you T 🥹

“ Talina was the most beautiful, funnest girl to ever be around. I met her in August of 2021 and she stole my heart as we fell in love. Unfortunately our work schedules ultimately got in the way but we still stayed great friends and was always there for each other. She took me to Sea World in January 2022 and made me ride the scariest roller coaster EVER as she just laughed at me. Lol! I am honored and privileged to have spent the time I did with her and will never ever forget it. She was my guardian angel and I can't wait to see her again on the other side! ❤️

“ Talina , you were more of a daughter than granddaughter ,I lost a piece of my heart , I can't believe you are gone , we built so many memories together . Your Poppy and I called you the The Kid , you gave me so much laughter and joy And you were so much a part of my life , I was blessed to have shared so many memories with you. Can't express my love for you and the sorrow and loss I feel . Now you are in God's hands and you will always be my angel.

Talina it is with sad sorrow that you are no longer with us when I met you as a baby you were very spunky and so cute and again we crossed paths in North Carolina at your grandma's and Poppy's house you were a very beautiful inspiration and a very nice young lady when we drove toward Charlotte Airport with a couple of your friends we had some really neat conversations. conversations that brought back great memories so with a heavy heart it is very sad to see such a beautiful young lady taking from us at such a young age but know that all your friends and family will always love you very much and we will always miss you. I am so grateful to have been a part of your life. Your loved ones talked about you constantly they loved you very much and you were a very big part of our world. Your joyful memories will always be with us. Until that day comes again you rest little one we will meet again love Mark your friend and uncle rest in peace sweetheart rest in peace. 🥰🥰🥰❤️
