I just want you to know that one of my favorite memories of you and Theodore is of you singing and playing guitar at my place while he is in the backroom just randomly moving things around. One of those times I'm glad I was using the video feature on my phone. I hope your doing well for yourself.

I miss Theodore very much. Those memories, those times...Theo's passing messed me up. Thank you Jess. I hope you are doing well for yourself also.

“ Theodore came into my life like a whirlwind in 2015. He will never know the impact that he generated. I owe much to his memory and his passing will not be in vain. You were my imperfect soulmate and you will be missed dearly. I will always love you.
