Bill dedicated his life to serving the people of Florida and our nation with integrity, humility, and an unwavering commitment to public service. His passing marks the end of a remarkable career that spanned decades of leadership at the local, state, and federal levels. “ Dear Katie,

Barbara and I were deeply stunned upon learning of Bill’s passing. We send our deepest condolences to you and your family. Bill truly was “one of a kind.”

After we moved to Florida, I first met him at a home gathering where retiring Representative Dave Weldon introduced Bill as his choice to succeed him in Congress. During his successful term in office, plus his seven additional terms, there were numerous occasions for us to communicate, and for me to write about his achievements. The entire time he had our support – with many sign wavings – and of course, our votes.

The Congressman exuded attributes that candidates seeking office, and many of those currently serving constituents, could study and emulate: honesty, integrity, compassion, and a true desire to help constituents with a myriad of problems that were above their means when dealing with the government themselves. He was also known to help fellow colleagues humbly and unselfishly.

My most memorable occasion was when Bill addressed our Heritage Isle Republican Club, and I had the honor to introduce him to the audience. After he spoke, he unexpectedly called me back to join him, and totally surprised me with a beautiful engraved Conservative Lifetime Achievement Award crystal obelisk. It is a treasured gift.

“ *I have so many childhood memories of Mr. Posey on the softball fields in Rockledge. He was always such a great coach and person. I remember one game that he promised us all a steak dinner if we made a triple play. Well, we did exactly that. Still waiting for that dinner lol!! You will be missed by so many. I am sad that I will not be in town for your service but you will be in my thoughts. Mrs Posey, Cathy and Pam, my heart breaks for you all. I love you all and will keep you in my prayers.*

Rest In Peace Mr. Posey 🕊️🙏

“ I knocked on the tall wood door of the Cannon Ofc Bldg under the sign "Posey, Florida" and peeked in. I'm a housepainter from Merritt Island-aahh can i see the Congressman. Sorry he's not in. Later on,as i was traipsing through the mall museums my cell rang and a staffer announced that the congressman would like to talk with me - could i be there in 20 minutes. We sat and talked for 10 minutes about his being a Christian and a Congressman and how it was difficult. I was amazed he gave me that time and how open he was.

My husband Sy Baker, Atlas Launch Director for Lockheed Martin at the Cape, worked closely with Bill for years in the space industry. He had the greatest admiration and respect for Bill of anyone else he called a friend. Bill was responsible for getting Sy on the Florida Space Board to work with Gov. Jeb Bush and a committee which included Bill to bring jobs to the Cape in the companies other than NASA. They shared hundreds of emails and phone calls and if Sy was still with us, he would be extremely saddened by Bill's passing. Hopefully they're having a conversation about politics in Heaven!
