“ My mother was the most amazing mother anyone could ever ask for. She was such a hard working ,independent , beautiful woman! I am so glad I was raised by her and witnessed all her struggles she went thru to make sure my siblings and I had everything and then some growing up. Still as an adult she made sure she could help in anyway possible with us kids and her grandchildren. She will be missed deeply and we will always keep her legacy alive and her grandkids will always know about their Meme and just how beautiful and amazing she was! I love you mommy!! Until I get to where I'm going please continue to watch over us and keep sending me signs and painting us the most beautiful sunsets!
